

KISAR Team 2 Instructions

1. Proceed from TP00 to TP28 (shown on map; 57.8413°N, -152.4273°W) and document the location (verify lat/lon, photograph waypoint placard, etc).
2. Proceed to TP26 (not shown on map) located at 57.8407°N, -152.4218°W. Document the location (verify lat/lon, photograph waypoint placard, etc).
3. Proceed to Search Area 2. Conduct a critical-separation, line-abreast sweep search of Area 2 to locate TP27 (see image for positive ID). Document the location (record lat/lon, photograph waypoint placard, etc).

4. Proceed to TP31 (not shown on map) located at 57.8416°N, -152.4173°W. Document the location (verify lat/lon, photograph waypoint placard, etc).
5. Proceed to Area 4 and await final rendezvous coordinates over VHF radio on SAR1 during normal comms schedule.
